Appendix A
Notification of Pre-Employment Physical Fitness Qualification Testing

It is the policy of the Lexington Police Department that candidates for employment demonstrate the ability to carry out daily tasks with vigor and alertness, without undue fatigue, and with the ability to meet physical stresses encountered in emergency situations. To that end, all applicants selected for participation in the Department's selection process are required to undergo pre-employment physical fitness qualification testing. Any applicant who fails to meet the established standard will no longer be considered a viable candidate for employment and will be terminated from the Department's selection process. The following is a brief overview of the Pre-Employment Physical Abilities Test and the standards which must be satisfied for successful fulfillment of this requirement.

The course measures a total of 870 feet (290 yards/265.2 meters). The course consists of a series of nine interspersed individual tasks, arranged in a continuous format that may be viewed as being essential (physical) job-tasks for law enforcement: running, jumping (low hurdle), climbing stairs, low crawling, jumping (broad-type), climbing a fence (chain-link/four feet), climbing through a window, moving/dragging a weight (150 pounds), and changing direction on the run.

- The applicant starts the course at a point, indicated in green on the course map.
- The applicant runs one and ¾ laps around the perimeter of the course and enters the interior of the course at the point indicated in blue on the course map.
- The first obstacle encountered in the interior consists of two low hurdles, one and a half feet high and four feet long, placed 13 feet apart.
- After clearing the hurdles, stairs (five steps up to a 32-inch wide landing, 45 inches above the floor, and five steps down) must be negotiated twice (note that each step has a 7.5 inch rise and tread that is 11 inches wide).
- Once the stair event is completed another low hurdle must be cleared; the applicant must then successfully negotiate a low crawl under an obstacle set at 2 ½ feet above the floor.
- Make a turn and clear a ditch simulation that is six feet in width.
- After another turn, a chain-link fence (four feet in height) must be climbed.
- Two additional turns made, and a four-foot high window (opening is 3' wide x 4.5' high) must be successfully entered.
- The applicant must then drag a 150-pound dead weight a distance of 20 feet.
- After the weight drag, the applicant exits the course, completes one final lap around the perimeter and finishes at the point indicated in red on the course map.
- The applicant must complete the course in **2 minutes 6 seconds or less.**

Applicants will be notified in writing at least one week prior to their scheduled test date if selected to be tested. The applicant shall be responsible for wearing proper attire suited for participation in the test. An example of proper attire would consist of a solid colored t-shirt, sweatpants/athletic pants/ or military style BDU pants, and athletic shoes. Wearing shorts will not be permitted. It is also recommended that applicants wear applicable supportive undergarments. Gloves and kneepads may be worn at the applicant's discretion but must be supplied by the applicant. The following page contains a diagram of the course. In signing this form, I acknowledge that I have been duly advised of the requirement for pre-employment physical fitness testing and agree to participate in said testing at the convenience of the Lexington Police Department.
