According to South Carolina law, in order to grant a variance, the Board of Zoning Appeals must determine that the request meets the following four conditions. Please explain why you believe your request satisfies these conditions:

- a. There are extraordinary and exceptional conditions pertaining to the particular piece of property.

- b. These conditions do not generally apply to other property in the vicinity.

- c. Because of these conditions, the application of the ordinance to the particular piece of property would effectively prohibit or unreasonably restrict the utilization of the property.

- d. The authorization of the variance will not be of substantial detriment to adjacent property or to the public good, and the character of the district will not be harmed by the granting of the variance.

Please attach an accurate plat showing property dimensions and locations of all structures and improvements to the application and return to the Town of Lexington's Department of Planning, Building, and Technology at 111 Maiden Lane.
